The metro area has much to offer, and the emphasis on quality of life, citizen services, and well-managed growth all point to very attractive living and working environments.

THE HOUSING AUTHORITY

The creation of the Southern Nevada Regional Housing Authority (SNRHA) was authorized by the state Legislature during the 2009 session through Assembly Bill 478. The Clark County Commission and the Las Vegas, North Las Vegas and Henderson City Councils all adopted a joint resolution establishing the Regional Housing Authority. The new nine member board is made up of members appointed by the Commission and the City Councils. Each participating jurisdiction selects two board members. The ninth member, who is required to be a recipient of housing authority assistance, is appointed by the jurisdictions on a rotating basis. One of the many expected benefits of this change is to enhance the accountability between the housing authority and the local jurisdictions.

SNRHA owns and manages approximately 3,000 public housing units and 10,000 Housing Choice Vouchers used to rent housing. Additionally, the Authority administers such programs as the Affordable Housing Program, Neighborhood Stabilization Program, Housing Rehabilitation and Development and Tenant Based Rental Assistance, which provides funding to assist low-income and homeless individuals. SNRHA also offers an array of enriched supportive services programs that include career skills classes, training through Workforce Investment, Section 3 Program and Family Self-Sufficiency, which is a voluntary program designed to assist families in becoming economically independent and self-sufficient.
